***Restriction Requirement and Rejoinder***

1. Claims 1, 3, 4, 6 to 9, 11, 20 and 21 are allowable. The restriction requirement as set forth in the Office action mailed on May 22, 2007, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). Claims 12 to 19, directed to the non-elected inventions remain withdrawn from further consideration because these claims do not require all the limitations of the allowable generic claim as required by 37 CFR 1.141. For example, non-elected claims 12 to 19 do not recite the alloy rare earth alloy composition recited in allowable claim 1.

***Election Without Traverse***

2. It is noted that the applicants' election was without traverse (response submitted June 22, 2006 and Office action mailed September 6, 2006) and that the subsequent Office actions mailed March 28, 2007 and August 9, 2007 were not correct in describing the election as having been made with traverse. Accordingly, applicants' election is considered to have been made without traverse.

**EXAMINER'S AMENDMENT**

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

- I. This application is in condition for allowance except for the presence of claims 12 to 19 directed to inventions non-elected without traverse (see applicants' response to the Restriction Requirement submitted June 22, 2006). Accordingly, claims 12 to 19 have been cancelled.
